Will Visit Mansfield.

Station Agent G. S. Barney of the Frisco has received a communication from C. H. Bartzell of Thayer, superintendent of the Ozark division, stating that a "Safety First" special would leave Springfield Friday morning, July 17, at 5 o'clock and run to Thayer, at which place it will arrive at 1 o'clock in the afternoon. The special will arrive in Mansfield at 7:40 a. m. and the stop of about 10 or 15 minutes will be devoted to safety first addresses.

Among those on the special will be Superintendent Bartzell's new Safety First committee, General Superintendent J. E. Hutchinson, General Manager E. D. Levy and perhaps other officials.

The special will be met upon its arrival here by a delegation of Mansfield business men, composed of Mayor G. S. Barney, Dr. J. A. Fuson, W. B. Hitchcock, C. A. Stephens and C. L. Beach—said to be the five handsomest men in the city—who will escort the visitors to the park, where the Mansfield Concert Band will give them a rousing welcome, and a boy of beautiful girls will sing "Just Look Who's Here." It is expected the park will be full of people. YOU be there at 7:40 a. m.

We hope all the people of Mansfield and vicinity will turn out Friday and meet the special and the Frisco officials. They will hear something beneficial. Everybody along the Ozark division should rejoice over winning the Safety First honors on this division again.

Remember! Everybody meet the special Friday, July 17. After the special arrives at Thayer they will have a flag raising and "Safety First" pennant raising celebration. Col. Jay L. Torrey, of Fruitville, will deliver an address and have with him some Spanish-American war veterans. Dinner will be served in the Frisco dining room at Thayer, and a big "Safety First" rally will be held in the Y. M. C. A. assembly hall.

Meet the special.
County Highway Engineer Webb Claxton's bill for the survey through the Mansfield special road district for the road to become a state road and to be a part of the proposed automobile road from Springfield to Mammoth Spring, Ark., is \$17.25. It is to be paid by popular subscription. Mansfield will be right on the big road. Yes, sir!

Grading commenced on the road this morning. G. W. Miller will put the road along his farm, at Coker, for a distance of about 1 $\frac{1}{2}$ miles, in as good shape as the road leading thereto is put. He will do the work as a donation.

Hot-Weather Ice Affords Skating in Summer

A German patent has been issued to a scientist of Berlin for a special salt composition which behaves like ice under skates, sleighs and sleds. Demonstrated on a rink in Berlin, scarcely any one of the numerous visitors who ventured upon the smooth surface was aware of the fact that it was salt and not ice upon which he was enjoying himself.—From the July Popular Mechanics Magazine.

School Begins August 31st

At the last meeting of the school board, it was decided to begin school Monday, Aug. 31.

It was also decided that the tuition of non-resident pupils must be paid in advance.

Bills were allowed, and other business was transacted.

A Queer Affair

Some boys who were walking along near the Frisco stock yard about noon Monday noticed three persons whom they regarded as suspicious characters from their actions and looks, and they promptly reported the fact to City Marshal Roe Strong, who immediately started an investigation, taking the trio in charge.

From the appearance of one of the party, he suspected one of the three to be a girl in man's clothing. Walking up to her, he jerked the cap from her head—"and her golden hair fell down her back." She admitted her sex and owned up to masquerading under false colors.

The trio were taken before City Attorney N. J. Craig, and Prosecuting Attorney E. B. Garner of Hartsville was notified. He at once came to Mansfield to look over the situation and see what could be done relative to the case.

The girl, who gave her name as Daisy Hartley, aged 24 years, of Denver, Col., was taken in charge by Mrs. W. H. Murray, who happened to be here lecturing on the white slave traffic. When properly dressed, she presented quite a pleasing appearance, being rather a comely young woman; in fact, as some remarked, she looked real "cute" in men's clothes.

The young men were placed in the city jail to await their trial, which was held that night before Justice of the Peace J. D. Avery.

A ticket to Kansas City was bought for the girl, and she was told to go and sin no more. She left Tuesday morning.

The boys were released, with instructions to leave town, which they proceeded to do by freight. From what could be learned concerning the matter this seemed to be the wisest course to pursue.

The story, as told by all three, was substantially the same, and was about as follows:

The young men were brothers named Brown and were between 20 and 30 years old. They were union carpenters, belonging at Memphis, Tenn. The young woman had been working in restaurants at various places. All were enroute to Kansas City.

The young men, with others, boarded Frisco passenger train No. 106 at Memphis. The young woman was already on the train. All were beating their way. Before boarding the train, she purchased male attire and donned the same.

They were ejected from the

Was Some Storm.

Mansfield and vicinity was visited by a heavy rain Saturday afternoon accompanied by an unusually severe electrical storm. Many number of people were in town and they quickly sought shelter.

As far as we have been able to learn no very severe damage resulted from the storm, but lots of good resulted from the splendid rain.

A team of horses became frightened at the loud peals of thunder and took a hurried spin down Commercial street, but were soon stopped.

A signal tower of the Frisco block system was struck by lightning and damaged considerably.

Gorman C. Freeman, assistant cashier of the Bank of Mansfield, and Dr. McReynolds, of Verna, Ill., a brother-in-law of Cashier George B. Freeman, were in the bank during the storm and were knocked down by the force of the lightning.

For the Fall Show

An enthusiastic and well-attended meeting of the Young Men's Business Club was held at the office of the president, Dr. F. H. Riley, Tuesday night.

The question of Mansfield's Third Annual Agricultural and Stock Show, to be held Oct. 15-16-17, was taken up and discussed at some length.

The prospects are that this year's show will be bigger and better than ever. With \$100 from the county and 30% of all money expended in premiums from the state, we should surpass all previous efforts.

Committees were appointed as follows:

Premiums—Dr. F. H. Riley, Prof. J. A. Hyton, C. L. Beach, Geo. B. Freeman, Arthur Stafford.
Concessions—Dr. F. H. Riley, C. A. Stephens, Ernest Coday, W. C. Coday.

Soliciting—E. A. Sisk, B. F. Stone, Geo. B. Freeman.

Executive—Dr. F. H. Riley, O. L. Robinson, Prof. J. A. Hyton, M. E. Gorman, G. S. Barney, W. A. Black.

The committees are already at work.

A meeting will be held at Dr. Riley's office tomorrow (Friday) night, to arrange for free attractions, etc. Every business man, and everybody else, is expected to be on hand and help make arrangements for the show. It's your show. Get busy and help make it the success it should be.

Boost for Mansfield's Third Annual Agricultural and Stock Show October 15, 16, 17.

Has Visited Holy Land.

O. E. Hornaday, of Branson, is spending a few days here. He owns a farm of several hundred acres near Branson, where, he makes his home, and was enroute to visit a son at West Plains when he took sick and was compelled to leave the train at Cabool. A phone message to West Plains elicited the information that his son was in Illinois on a visit, and after writing to his son Mr. Hornaday came here and is expecting his son's arrival at any time.

The old gentleman is 88 years old and gets around remarkably well for a man at his advanced age, and his mental faculties are extraordinarily keen and he has a most retentive memory.

He has made three trips to the Holy Land, the first one 33 years ago, and 6 years ago returned from the last trip. At one time he spent 2 years in Jerusalem studying conditions, and is perhaps the best versed man in the state, if not the United States, on subjects pertaining to that country, his knowledge being learned and practical. He is a brilliant though not flowery conversationalist, and while he is recounting his experiences and reciting descriptions as they were when he first went there and as they exist today, his hearers sit entranced and listen. Mr. Hornaday believes implicitly in the Bible, and says he can see in the last few years where the prophecies of Jeremiah are being rapidly fulfilled in that land.

G. W. Freeman, president of the Bank of Mansfield, enjoys the distinction of being the only citizen of Mansfield who has visited the Holy Land, and Mr. Hornaday has spent some time with him talking over that country together.

C. W. Robbins, President of the Central Business College, Sedalia, Mo., says of Orie L. Walton of Mansfield: "Mr. Walton enrolled with us a few days ago. He has taken hold of the work as though he means business, and we are sure will be one of our very best students. If you have any more young men around Mansfield like him, we would be very glad to have you send them this way."

OLD RESIDENT DEAD.

Mrs. L. J. Henderson, aged 72 years, 5 months and 2 days, died at 2:35 p. m. Tuesday, at the home of her daughter, Mrs. N. J. Craig. Death resulted from severe gangrene of the left foot, from which she had been a long and patient sufferer. Everything that could be done for her relief was powerless to stay the hand of death.

The remains were prepared for shipment by Undertaker T. F. Lenhart, who accompanied the body to her former home at White Oak, near Rogersville, yesterday morning, for interment by the side of her husband. Those in the funeral party were N. J. Craig and wife, T. F. Lenhart, J. C. Carter and wife, J. D. Reynolds and wife, Mesdames C. L. Beach, R. M. Rogers, E. A. Sisk, M. E. West, G. S. Barney, and N. S. Miller.

Short funeral services were conducted from the Rogersville M. E. church by the pastor, Rev. Mr. Firestone, and the funeral sermon was preached at the White Oak M. E. church.

Mrs. Henderson became a member of the Methodist church in early life and remained a consistent and faithful Christian until her death.

Mrs. Henderson was one of Mansfield's oldest and best loved residents, and her death brings sorrow to the hearts of many, to whom she had become endeared by her noble life.

We join in heartfelt sympathy to the bereaved ones.

Christian Church News

Sunday, July 5, was a great day for the Christian church. Reports from all departments show the financial condition to be excellent.

The Sunday school has made a steady growth since the beginning. Now a contest has been started which we hope will treble the attendance in a short time. Joe Riley, the hustling superintendent, is doing things. We want everybody to join us and help him.

The church services are all being well attended. Hot weather has not stunted the enthusiasm. The house was well filled at both services, and two were added to the fellowship of the congregation.

It is planned to begin an evangelistic campaign on the first Sunday in September. We expect to have the district tent and also to be assisted by Elder D. B. Warren, who is a fine singer and chorus leader. A hearty welcome is extended to all. Come—lend a helping hand.

W. H. ANDERSON, Minister.
